Email marie.coppola@uconn.edu

2017-present Associate Professor, Department of Psychological Sciences (Developmental Division)

and Department of Linguistics, University of Connecticut, Storrs, CT **Director**, Language Creation Laboratory; Study of Language and Math

2010-2017 Assistant Professor, Department of Psychological Sciences (Developmental Division)

and Department of Linguistics, University of Connecticut, Storrs, CT

Education University of Rochester, Rochester, NY

Ph.D., Brain and Cognitive Sciences, 2002; M.A., Brain and Cognitive Sciences, 2000

Massachusetts Institute of Technology, Cambridge, MA

S. B., Cognitive Science, 1991; Minor in Spanish Language, Literature, & Culture

Research Areas: Language emergence and change; Homesign; Sign language; Gesture; Language acquisition; Cognitive development; Neural plasticity.

Competitive Grant Awards

- NSF 1553589 "CAREER: The impact of language experience on the development of number representations in deaf, hard of hearing, and hearing children" 2016-2021 (Coppola, PI, \$1.2M)
- NSF 1227908 "A typological analysis of handshape: Gesture, homesign, and sign language" 2012-2017 (Coppola, Co-PI; Brentari, PI, \$550K)
- Small Grant Fund, University of Connecticut Dept. of Speech, Language, & Hearing Sciences "Number language and numerical cognition in deaf children" 2012-2013 (Coppola, PI, \$8K)
- NIH Loan Repayment Program, 2007-2009 (Coppola, PI, \$21K)
- Psychonomic Society, Women in Cognitive Science Travel Award, 2006 (Coppola, PI, \$1.5K)
- NIH National Research Service Award (NIDCD), Postdoctoral, 2004-2005 (Coppola, PI)
- National Academy of Education/Spencer Foundation Postdoctoral Fellowship, 2004-2005 (Coppola, PI)
- National Science Foundation Graduate Research Fellowship, 1996-1999
- National Defense Science and Engineering Grant, Honorable Mention, 1996
- NSF #1735225 NRT-UtB: "Science of Learning, from neurobiology to real-world application: a problem-based approach" 2017-22 (Magnuson, PI; Coppola, Core participant, \$3M)
- CT Institute for the Brain and Cognitive Sciences Seed Grant "Community Engagement in Deafness and Autism Research (CEDAR), 2016-17 (Coppola, Lillo-Martin, Co-PIs, \$10K)
- NSF 1640893 "Science of Learning Network Collaboration: The role of gesture in mathematics learning: from research to practice" 2016-19 (Goldin-Meadow, PI & Church, Co-PI; Coppola, Consultant, \$748K)
- NIH (NIDCD) R01 DC00491 "From spontaneous sign systems to sign language" 2011-2016 (Goldin-Meadow, PI; Coppola, Consultant, \$2.3M)
- *NIH* (NIDCD) P30 DC010751 "Emergence, structure, and neurological basis of typical and atypical language" 2010-2012 (Lillo-Martin, PI; Coppola, Co-I, \$1.5M)

Awards and Honors

- American Assoc. of Univ. Professors Excellence in Research and Creativity Early Career Award, 2016
- Provost's Commendation for Excellence in Teaching, 2015
- National Institutes of Health Training Grant (postdoctoral), University of Chicago, 2002-2004
- National Institutes of Health Training Grant (predoctoral), University of Rochester, 1999-2002; 1995-6
- Massachusetts Institute of Technology, Special Commendation for Teaching, 1992

Languages Native: English and American Sign Language; proficient in written and spoken Spanish; fluent in Nicaraguan Sign Language and homesign gesture systems.

RESEARCH POSITIONS

University of Chicago

2006-2009 Research Associate, NIH R01 grant "Spontaneous sign systems in four cultures"

PI: Dr. Susan Goldin-Meadow

2002-2006 Post-doctoral research Collaborator: Dr. Susan Goldin-Meadow

Purdue University

2006-2011 Consultant, NSF grant "Grammatical regularities in sign language and homesign"

PI: Dr. Diane Brentari

University of Rochester, Department of Brain and Cognitive Sciences

1995-2002 Doctoral research Advisor: Dr. Elissa L. Newport

Massachusetts Institute of Technology, Department of Brain and Cognitive Sciences

1991-1995 Research Assistant with Dr. Steven Pinker. Affiliate, MIT Clinical Research Center.

(g) and (u) indicate graduate and undergraduate students receiving substantive mentorship

INVITED TALKS: PROFESSIONAL DEVELOPMENT

- Coppola, M. (2018). Language is critical for cognitive development in deaf and hearing children. *Audience:* UConn's National Student Speech Language & Hearing Association (NSSLHA), Hear for You, and Language for All.
- Coppola, M. (2017). Early language: The foundation for deaf children's development. Thriving Together: Collaborating to Assure Bright Educational Opportunities for Deaf Children into the Future. Boston Children's Hospital Deaf and Hard of Hearing Program, Boston, MA. Audience: Deaf Education Teachers, Specialists & Administrators, Researchers, Clinicians, Policymakers, Parents, Students.
- Coppola, M. (2017). Early access to language: Creating an optimal foundation for deaf children's cognitive development. Language Acquisition & Learning in Deaf Children Conference, Baystate Health Education Center, Holyoke, MA. Audience: Teachers and educators of Deaf and Hard of Hearing children, Speech-Language Pathologists, Audiologists, Parents.
- Coppola, M. (2017). From engineering to emerging language: My CODA journey from MIT to Nicaragua. World of Wonder in Science (WoW), Rochester Bridges to the Doctorate Program, Rochester, NY. Audience: Deaf students preparing for PhD programs at the University of Rochester, Rochester Institute of Technology, and National Technical Institute of the Deaf.
- Coppola, M. (2016). Early language: Creating an optimal foundation for deaf children's development. Willie Ross School for the Deaf, East Longmeadow, MA. *Audience: Teachers, educators of Deaf and Hard of Hearing children*.
- Coppola, M. (2016). Language creation, language experience, and cognitive development: Research in the Coppola Lab. CODAs doing research: A panel discussion. Children of Deaf Adults (CODA) International Conference, Austin, Texas.
- Coppola, M. (2016). Language is critical for cognitive development in deaf and hearing children. *Audience: UConn's National Student Speech Language & Hearing Association (NSSLHA), Hear for You, and Language for All.*
- Coppola, M. (2014). Manos Unidas: Facing challenges to language access and education for deaf Nicaraguans. Continuing Education seminar, Children of Deaf Adults (CODA) International Conference, Tempe, AZ.

Coppola, M. and D. Gagne (g). (2013). Manos Unidas: Facing challenges to language access and education for deaf Nicaraguans. Graduate seminar in Program Evaluation, Gallaudet Univ., Washington, DC.

PRESENTATIONS AT CONFERENCES

Papers:

- Szarkowski, A., M. Coppola, M. Dicker, S. Gibbons, and D. Eng (2018). Brain Architecture: Utilizing Audiological, Psychological, and Linguistic Science With Children With Reduced Hearing. To be presented at the American Speech-Language-Hearing Association, Boston, MA.
- Contreras, J. (g), E. Carrigan, A. Shusterman, and M. Coppola. (2018). Language modality doesn't affect number concept development, but timing of language exposure does: Insights from deaf children acquiring signed and spoken language. To be presented at the Boston University Conference on Language Development, Boston, MA.
- Giovannone, N. (u), A. Fitzroy, R. Richie, K. Jasińska, S. Wood, N. Landi, M. Coppola, and M. Breen. (2018). Prosodic phrase boundary processing in native signers of ASL. To be presented at Experimental and Theoretical Advances in Prosody (ETAP) 4, Amherst, MA.
- Kocab, A., A. Senghas, M. Coppola, and J. Snedeker. (2017). The emergence of recursion: Evidence from Nicaraguan Sign Language and homesign. Boston University Conference on Language Development, Boston, MA.
- Richie, R. (g), M. Hall, M. Coppola, and W. Tabor. (2017). Conventionalization and reduction in an emerging communication system: An experimental and computational modeling investigation. CUNY Conference on Human Sentence Processing, Cambridge, MA.

TEACHING: OTHER INSTITUTIONS

University of Chicago, Departments of Psychology & Comparative Human Development

Winter 2008-09 Designed and taught *How Children Develop* in the Urban Teacher Education Program.

2006 Seminar on Syllabus & Course Design, Center for Teaching & Learning, Univ. of Chicago.

Spring 2004 Co-led *Evolution & Development of Language* (Graduate seminar).

Spring 2003 Designed and taught *Human Language Creation* (Graduate seminar).

2003-2005 Initiated and led *Gesture Reading Group*.

University of Rochester and MIT, Departments of Brain and Cognitive Sciences

TeachingLanguage and Psycholinguistics 2001; Foundations of Cognitive Science 1999; Neural
Assistant
Foundations of Behavior 1996; Developmental Psychology 1996; Laboratory in

Cognitive Science 1995; Introduction to Psychology 1994, 1992.

Guest lectures UConn: Phonology Master Class, Language and Culture, Cognitive Anthropology, ASL

Interpreting 2016; Language and Environment 2015; Acquisition of Meaning 2013; Language and Mind, 2011-14; Cognitive Science Proseminar, 2011-12; Byrne Seminar on the Politics of Knowledge (Rutgers Univ.) 2017; Seminar on Language and Thought (Wesleyan Univ.) 2014; Language Development (Grinnell) 2014; Cognition (Gallaudet Univ.) 2013; Issues in Deaf Education (Wesleyan Univ.) 2013; Anthropology of Disability (Univ. of Chicago) 2006; Language and Thought (Univ. of Chicago) 2005; Seminar in Psychology (Univ. of Wisconsin) 2005; Psycholinguistics (Univ. of Köln) 2005; Basic Issues in Cognitive Science (Univ. of California – Berkeley) 2004; Language Development and Usage (Northwestern) 2004; Language Acquisition (Rutgers Univ.) 1998; Univ. of Rochester: Psychology of Language 1996-2000; International Signed Languages 1998-2001; Structure of Sign Languages 2000-2002; Foundations of

Cognitive Science 1999; Developmental Psychology 1996.

SUPERVISING & MENTORING

University of Connecticut, Departments of Psychological Sciences and Linguistics Graduate Mentoring and Awards

2010-present **Psychology**, Ph.D. Major Advisor

Emily Carrigan (origins of spatial grammar in Nicaraguan Sign Language (NSL))

Deanna Gagne (conventionalization of space in NSL) Russell Richie (development and structure of lexicon)

Psychology, Ph.D. Associate Advisor

Jason Anastas (multi-scale measures of executive function)

Rebecca Boncoddo (dynamics of counting)

Lauren Bryant (hot and cold executive functioning)

Allison Canfield (gesture and Autism Spectrum Disorder (ASD))

Ashley De Marchena (gesture and ASD)

Nicole Depowski (joint attention in deaf and hearing children)

Kaitlin Flannery (friendship dissolution in adolescence) Christina Irvine (socio-pragmatic development and ASD)

Manya Jyotishi (narrative development in the US and India)

Emma Kelty-Stephen (lexical and grammatical development in autism)

Jessica Mayo (pragmatics in autism)

Jinhee Park (language in Korean children with ASD)

Saime Tek (joint attention and ASD)

Ya-Ching (Maggie) Yeh (acquisition of Mandarin)

Psychology, Ph.D. Reader

Jennifer Bisson, Laura Brennan, Lauren Bryant, Iris Chin, Anthony Goodwin, Pamela Whitney

Psychology, M.A. Major Advisor

Emily Carrigan, Russell Richie, Deanna Gagne, Jessica Contreras

Psychology, M.A. Associate Advisor

<u>Developmental</u>: Jason Anastas, Lauren Broder, Lauren Bryant, Iris Chin, Anthony Goodwin, Emma Kelty, Molly Nowels, Kayleigh Ryherd, Sarah Sanborn; <u>Clinical</u>: Kathryn Bradbury, Alexander Hinnebusch; Language and Cognition: Charles Davis

Linguistics, Ph.D. Associate Advisor

Corina Goodwin (acquisition of morphology in bimodal bilinguals)

Sandra K. Wood (homesign and Universal Grammar)

Speech, Language, and Hearing Sciences, Ph.D. Associate Advisor

Ted Jenkins (gesture and discourse in aphasia)

International Studies, M.A. Major Advisor

Laura Labato (deaf education in the US and Nicaragua), 2017

Comprehensive Exam Committee (outside of Psychological Sciences)

Ted Jenkins, Speech, Language, and Hearing Sciences, 2016

2010-2016 **GradLab.** Weekly joint meeting of the graduate students in my lab and Dr. Letty

Naigles' lab. Students present completed work, work in progress, and receive feedback

on the structure and delivery of public presentations.

2010-present Sign Language Research and Discussion Group. Weekly joint meeting of the graduate

students and postdoctoral fellows in my lab and Dr. Diane Lillo-Martin's lab. Students and faculty present work in various stages of development, alternating with discussion of recent articles of interest. The language of the meeting is American Sign Language.

2010-present Prior to and during annual field trips to Nicaragua, trained six\ graduate students in sign

language fieldwork techniques in developing countries.

Supervised 22 undergraduate students on various research projects related to homesign,

emerging languages, sign language linguistics, and language and cognition.

2010-present Nationally competitive fellowships awarded to mentees

Deanna Gagne, National Science Foundation Graduate Research Fellowship Christopher Brozdowski, NSF Graduate Research Fellowship Honorable Mention

Emily Carrigan, NSF Graduate Research Fellowship Honorable Mention

2017 Deanna Gagne, Thomas Giolas Dissertation Award, University of Connecticut

Undergraduate Mentoring and Awards

Undergraduate Research Mentoring:

2010-present PSYC 3889, every semester

Undergraduate Thesis Advising:

Spring 2018 Nikole Giovannone, Honors Thesis, *summa cum laude* (Mt. Holyoke)

Spring 2016 Keesha Miller, Karianna Montalvo

Spring 2013 Jeannette DeFrino

Office of Undergraduate Research

Summer Undergraduate Research Fund (SURF) Award

Samantha Richards 2018

Keesha Miller 2015 Robert and Elizabeth Subkowsky Award

Eli Miranda 2013

Social Sciences, Humanities, and Arts Research Experience (SHARE) Award

Devika Prasad 2014 "Counting strategies in deaf homesigners in Nicaragua: Can fingers help?"

Psychology Undergraduate Research Awards

Fall 2017 Therese O'Neill

Fall 2016 Rachael McCollum, Therese O'Neill

Spring 2015 Sarah Lodge, Keesha Miller Fall 2014 John Gerrity, Jessica Hazel

Fall 2013 Eli Miranda

University of Chicago, Department of Psychology

Supervised Honors B.A. thesis on Deaf identity and AIDS education in Uganda.
 Co-supervised Ph.D. on numerical cognition in Nicaraguan homesigners (E. Spaepen).
 Spring 2007 Supervised M.A. thesis on prosodic features in child homesign (L. Applebaum).
 Designed and conducted independent reading and research course on the ethics of social science research in developing countries.
 Supervised seventeen undergraduate research assistants in coding data from child and adult homesigners, hearing family members, and other hearing adults in Nicaragua.
 Winter 2005 Supervised M.A. paper on language development in children with cochlear implants.

University of Rochester, Department of Brain and Cognitive Sciences

Supervised full-time research assistant on all aspects of experimental field work in

Nicaragua: stimulus creation and design, data coding and analysis; fieldwork techniques.

Spring 1999 Supervised independent study project on morphology in homesign systems.

Massachusetts Institute of Technology, Dept. of Brain & Cognitive Sciences, Clinical Research Center

1992-1995 Supervised several undergraduate research assistants on data collection, coding, and

analysis of language data from patients with neurodegenerative diseases and brain injury.

Broadening Participation for Deaf and hard of hearing (DHH) scholars

2018	"The Importance of Sign Language for Deaf Children and Communities", presented at Looking Within: A CLAS Faculty Poster Session featuring Research on Diversity and Inclusion-Related Matters, with D. Lillo-Martin.
2017	Rochester Summer Research Training Institute University of Rochester Medical Center, June 11-13 With Deaf doctoral student Jessica Contreras, participated in mixed and faculty-only workshops focused on developing mentoring practices to address effectively the specific challenges faced by DHH scholars.
2017	Association of Medical Professionals with Hearing Losses (AMPHL) Conference Rochester Institute of Technology & National Technical Institute for the Deaf, June 9-11.
2013-2016	Advocated for the establishment of University of Connecticut Interpreting Services (UCIS) in the Center for Students with Disabilities, including a full-time Interpreter Coordinator position and multiple full-time Staff Interpreter positions.
2013-present	Actively promote awareness of communication and academic access issues faced by Deaf and Hard of Hearing Scholars in higher education at multiple levels of administrative organization within universities, as well as in professional meetings.

INTERDISCIPLINARY EFFORTS AND CONFERENCE ORGANIZING

2017-2018	Community Engagement in Deafness and Autism Research (CEDAR) (Co-Organizer, with Drs. I-M. Eigsti & D. Lillo-Martin) Supported by the UConn Humanities Institute Public Discourse Project and the Connecticut Institute for the Brain and Cognitive Sciences.
2015	UConn Sign Fest (Co-Organizer, Dr. Diane Lillo-Martin, Linguistics)
	Organized a one-day mini-conference highlighting a range of research with sign languages. Half of the presentations were given by Deaf scholars. Attendance 50.
2014-2016	Expression, Communication, and the Origins of Meaning (ECOM) Research Group (Dr. Dorit Bar-On and Dr. Mitchell Green (Philosophy), Directors)
2013-2014	Language Evolution and Emergence Reading Group (with Russell Richie, graduate student) Established reading group focused on issues of language evolution and emergence; participants include faculty and students from Psychology, Linguistics, and Philosophy.
2011-2016	UConn Language Fest (Co-Organizer, Dr. Emily Myers, Speech, Language & Hearing)
	Organized a plenary session on campus (Oak Hall) featuring three speakers and two poster sessions with 45-64 posters presented by UConn faculty, graduate students, and affiliates to catalyze new collaborations in the study of language across disciplinary and departmental boundaries. Attendance 140.
2011	New England Sign Language Data Blast (Co-Organizer, Dr. Diane Lillo-Martin)
	Co-organized this one-day regional workshop on sign language research designed to attract and inform hearing and Deaf scholars about the research conducted here at UConn, with an eye toward recruitment.
2010-2011	Language Plasticity Reading Group (Co-Organizer, Dr. Emily Myers)

UNIVERSITY AND DEPARTMENT SERVICE

2018-present	CLAS Faculty Diversity, Equity, and Inclusion Council; Mentorship sub-committee
2017	Procurement Services, Evaluation Committee for RFP # KA050417 Professional Services for the Deaf and Hard of Hearing
2016	Center for Students with Disabilities Search Committee for three Staff ASL Interpreters
2015	Center for Students with Disabilities Search Committee for Staff Interpreter/Interpreter Coordinator
2013	College of Liberal Arts and Sciences Focus Group on communication
2012	College of Liberal Arts and Sciences Grade Appeal Committee

University of Connecticut, Department of Psychological Sciences

Chrysity of Connecticut, Department of 1 sychological Sciences		
2017-present	National Research Training Grant (NSF NRT), Executive Committee	
2016-present	Vision Committee, represent the Developmental Division	
2014	Deaf Awareness. With Erica Israel, a Deaf graduate student, offered a department colloquium providing orientation to Deaf culture and offering strategies for interacting with Deaf colleagues.	
2013	Cognitive Science Search Committee. Represented the Developmental Division in an interdisciplinary search, which resulted in 3 Psychology hires (one in Developmental) and one in Speech, Language, and Hearing Science.	
2012-present	Neurobiology of Language Training & Certificate Program (NSF IGERT)	
	Executive Committee (2015-)	
	Courses and Curriculum Committee; Events Committee (2012-2014) Diversity Committee (2012-2015): Discuss ways to recruit and retain students from underrepresented groups, including ethnic groups as well as disability groups (in particular, Deaf scholars).	
2013-present	Faculty Advisor, <i>Language for All.</i> Encouraged students to form a new student organization on campus dedicated to promoting access to rich language input for all children, especially those at risk (e.g., deaf children in the US and in developing countries; children in families of low socioeconomic status; bilingual children)	
2013	Audio-visual consulting for Psychology Annex flex-space research rooms	
2011	Husky Ally Safe Zone Workshop, University of Connecticut Rainbow Center	
2010-2015	Coordinate graduate admissions procedures and recruitment efforts for the	

University of Connecticut, Department of Linguistics

2017	Search Committee, Postdoctoral Fellow
2011	Search Committee, Sign Language Linguist

Developmental Division

University of Chicago, Department of Psychology

2006	Postdoctoral Fellow Professional Development Series
	Initiated meetings addressing professional development for 10 postdoctoral fellows.
2003-2008	Psychology Graduate Student Organization
	Participated in panels on postdoctoral positions and applying to jobs for graduate students.

University of Rochester, Department of Brain and Cognitive Sciences

2000 Scheduled speakers, arranged meetings, and coordinated social events.

1995-1996 Brain and Cognitive Sciences Lunch Series

Co-founded, with two other first-year graduate students, a weekly interdisciplinary departmental seminar series, which solidified connections in the newly-formed department.

Other Service

2008-2010 Reviewer, Children of Deaf Adults (CODA) Scholarship

Evaluated essays and application materials from students with Deaf parents and recommended recipients of college scholarships

recommended recipients of college scholarships.

1999-2002 Educational Counselor, Massachusetts Institute of Technology, Rochester, NY

Interviewed undergraduate applicants and wrote evaluations for the Admissions Committee.

Shared information and experiences about undergraduate life at MIT.

PUBLIC ENGAGEMENT

2005-present

Executive Director and Founder, Manos Unidas (Hands Together)

www.manos-unidas.org

Mission Statement: Ensuring equal access to educational and vocational opportunities for deaf children and young deaf adults in Nicaragua by providing access to sign language, Spanish literacy, numeracy, and real-life job skills so they can become contributing members of society and the Deaf community.

With two students at the University of Chicago, founded a non-profit organization to promote educational and vocational opportunities for Nicaraguan deaf people. After relocating to Connecticut, in 2012 reconstituted the board of directors, built the organization's infrastructure, hired a National Director to represent the organization in Nicaragua, created a website, established a donor database, and initiated a major fundraising campaign. Planned programs, hired staff, and oversaw staff training and curriculum development for two projects. These included 1) establishing weekly sign language classes in two rural areas of Nicaragua without any other special education and 2) increasing the number of Deaf-accessible (interpreted into sign language) secondary education programs nationally from 2 to 3.

Received 501(c)3 status in 2007. In 2013 was invited to participate in a Disabilities Roundtable at the United States Embassy in Managua, Nicaragua. Annual budget ~\$5-30K.

Impact (**selected**): The pilot secondary school interpreting program we initiated is now self-sustaining; the three educational interpreters trained by Manos Unidas in 2012 are now financially supported by the Nicaraguan Ministry of Education.

MEDIA APPEARANCES (selected)

2016 UConn Magazine

Print article and video highlighting my research program and incoming Deaf doctoral student.

2007, 2014 Chicago Public Radio (WBEZ), Worldview, Global Activism Series

Discussed current projects of Manos Unidas in Nicaragua; 2007 audio available here

2014 Connecticut Public Radio, Colin McEnroe Show
